Subject:

Tracy Fletcher from the Secretary of State's Office requested copies of past written advice concerning the reporting requirements of a California PAC making contributions to federal candidates.

Our past advice required that a lump sum amount be reported and to indicate that this amount represents contributions made to federal candidates.

In light of the fact that Government Code Section 84211 requires itemization of all expenditures of \$100 or more provide the name and address of the payee, do we want to reconsider our past advice?

7/19 - Answer:

REPORT LUMP SUM AMOUNT AND INDICATE THE AMOUNT REPRESENTS CONTRIBUTIONS TO FEDERAL CANDIDATES.
